Part 1: Safety requirements

MARKINGS

The manufacturer is required to apply the following markings:

- Products shall be marked with the markings specified by the particular product standard.
- Products certified for Canada shall have all Caution and Warning markings in both English and French. It is sufficient to describe the French warnings in an accompanying document.

Additional bilingual markings not covered by the product standard(s) may be required by the Authorities Having Jurisdiction. It is the responsibility of the manufacturer to provide and apply these additional markings, where applicable, in accordance with the requirements of those authorities.

The products listed are eligible to bear the CSA Mark shown with adjacent indicators 'C' and 'US' for Canada and US (indicating that products have been manufactured to the requirements of both Canadian and U.S. Standards) or with adjacent indicator 'US' for US only or without either indicator for Canada only.

- [a] Submitter's identification (company name and/or file number and/or registered tradename)
- [b] Model designation
- [c] Electrical input rating in volts, hertz, amperes and/or watts
- [d] Nature of the supply / output voltage: a.c. (or the IEC 60417-5032 symbol “”) or d.c. (or the IEC 60417-5031 symbol “”)
- [e] Date of manufacture, serial number or date code*

*Note: Period of manufacture and factory identification may be coded within a serial number, provided that the manufacturer can trace the information upon request from CSA Group.

Supplement to Certificate of Compliance

Certificate: 80042123

Master Contract: 260315

*The products listed, including the latest revision described below,
are eligible to be marked in accordance with the referenced Certificate.*
